

June Sunday, June 2nd 1878
The last pap. Haha. One or two pleasant rain in evening. Many
pages of unimpaired here continued. No ho, still rain. But what
I care now. It may rain ahead. Brasher here. I did not get up until
some time after 1. Feeling poorly. felt better in evening. Short
visit from Mrs. Beckmeyer. I did not see him. Smoked twice
a day. Cigarettes. In evening poker. I lost 32 cents. Brasher
is the winner. Papa even. Retired late. Papa unwell.

Monday 3rd
after four days of rain - continued pelting rain - a
slipscap of sunshine. Did not get up until after 1.
Writing in diary. Had not written in it for two weeks. May Papa
and Brasher off before I got up. Stayed in Bath until after 5.
In a rush for the theatre. Arrived in time at Park Meade where
saw the Singers viz: Mrs Horace, Alice Spinning & Little, in school
ground. Improvements and his hair in a double. Enjoyed myself. Saw
a little one, dark eyes & sparkling manner. He has already written
Waller to 3rd ave. Prompt 3 cigarettes & Brasher sitting up. I came morning up. I
am not many well. Quite good day.

Tuesday 4th
Left 6:45 AM. Aunt Mary about to get up again. Great confusion at breakfast table. I
enjoyed his guests of my milk and Miss Robinson by placing the tea pot on top.
part of her caused her to be late. I was in New York left for Bath where arrived
at 10:15. Had a pleasant day. Feeling quite unwell. This time head-
ache and with aches & many other aches. To bed after a short nap.

Wednesday 5th
To the office. Alas no work. End of week. Just two small jobs. Others doing
much better. Hefman's but, to give me work. My projects still continue. I
when he could not help it. My vice management. My projects still continue. I
intended going to theatre. Changed my mind & to Brasher. Found all well.
Had not intended to day, until going to the theatre. Had pleasant chat. To bed by 10.
After a little unwell. Sat up with the boy. 6th

Thursday 6th
Slept pretty well. Weather not warm nor yet cold. Undecided sort of weather.
Stayed at home until my left me. Ramps to hospital. Will to law office &
later to College. Came out last night by my Morris & Essex R. R. Returned
the same way this morning. Handed in bill. Amount to \$5. I expect
it to be quite considerable. That is almost half. On night duty. Some how
or other I almost always get up in morning. I don't get up. To 6:45
at. Once, early & late. Hefman & Brasher.

Friday 7th
Up rather early, considering the late hour I retired. In office. Where found
a bill allowed. West this morning. Not better than I had expected. Brasher
came by way of Hamelin. Fresh coaching & an air with a girl in the
car. Met Carrie Walter. Her mother was. My husband been crying. Had a
short chat with her. Hence home. Feeling quite stupid & unfit for anything.

Saturday 8th
Smoked yesterday, the day before, days before that. To day did not
smoke first time in very long time. Abstinence I feel now will do me
good. Bought a tooth brush & Brasher's Pills. I must get over my
present feeling. Wrote over cost to day. I had needed it. Rained.
My very first Hamelin going. By morning on return. No work at
office. To see "Chow Chow" (intended) by Ada Richmond Co. at Park Meade.

Sunday 9th
Got into theatre yesterday for 15 cents. The cheapest performance I
ever remember to have witnessed. But this has been the regular
summer matinee since at Seim's theatre all winter. Did not smoke
to day either. Wonderful. Nice day. Not very well. Brasher here. Excuse me not
an extra nice day except late in afternoon. May from Newark. Papa to
brother & back. He attended Hugh W. Langlin's son's funeral. Poker in
evening. I lost 52 cents. I could ill afford it. For beside small rainy
I have been buying a number of articles that as he says to that cost.

Monday 10th
Rained all last night. That is all this morning from 12 to 7.
I did not go to city. Reason - too damp. Fixed & joined until Papa came.
He was surprised when I told him I did not intend to go to city.

Tuesday 11th
Stayed at Bath until late in day. Men to New York. In Bath. In fall
to witness Anne's farewell. Quite an interesting evening. Best
opera buffa I have had. Walked to Anna's. Anna's, and a three
stud came in on Sunday. He was much surprised to see me pop
in about 12. He intends staying with Auntie a short time. Frank post.

Wednesday 12th
Did not go to Newark. Believe there was no work at office. I ought
to be certain as I am very seldom troubled with work nowadays.
In evening to see the Singers in New York. Saw the play in better form
at Brooklyn Park Meade last season with Mrs. E. Orvis as butler.
I did not come last night or to night. Guess it was to night.

Thursday 13th
Feeling better hours at office. But with no success. Salary this
week - \$4. I do not grumble much but it is very poor when
compared with the past. To Bath. I manage to live on my salary.
I have not been borrowing of late - do not be worried. He
is cool. With poor salary, hard luck in work his clothing
is not so much in spirit - no good news at all I dare say.
The End
