Saturn THURSDAY, 26. day 3rd

1897.

To Court after travelling around St. Hamilton and putting up posters with father's name on. Listening to jab for and against him. I don't know now whether went to Court or not. Guess not. It's guess did. At any rate there was nothing. Back to Bath. How I do not remember. Arrived Miss Moorhead's letter to day declining with thanks.

Sunday 4th

Left Bath late. Missed the 8 dummy, to St. Hamilton. Court closed but found there was nothing ~~what~~ seeing Prison Keeper. Happened to stay a little while in office & told to cover drinks a difficult task at that hour. To Bath. Saw Papa. He is working hard. Back to New York. Accomplished last by going to associated Press office. Also went to report Dr. Mc Flynn's lecture & then another detail viz. clubbing a drunken roundsman. Good luck till you.

Monday 5th

Spent night at hotel. Breakfast at 11. Well went to bed at 2 or thereabouts. Broke. Papa very busy. Many people in his office. Helped him distribute tickets. To Court where arrived late. Luckily little or nothing up there. To Court ^{first} on last dummy. Awaiting to tomorrow with anxiety. Hoping & fearing Papa will run well but will hardly be elected. Wrote up a few matters in civil Court for Herald. My list will be quite extraordinary.

Tuesday FRIDAY, 27. 6th

Election day. Spent it in Bath at the pollshed in Town Hall. Tried to get voters for Papa with poor success. From 11 to 7 peddling tickets & waiting the results. Smoked a great deal. Took one drink. Spent some dollars. Papa running in the town ahead of his vote. Walked home. To bed anxious to know result. Knew it next day. Papa badly beaten. Smoked till bed and then to bed.

Wednesday 7th

Had the intention of reaching Court at a good hour. Left Bath late arrived in time to see Hennessy, Brewer & Nestit entering Mr. McKinn's solemn. Entered also. Sensible advice from Brewer. Stayed some time talking to him. Took two or three hot drinks then left. Reached Bath by way St. Hamilton. A cold night & unpleasant tramp. Papa and Mary here. Papa terribly low spirited.

Thursday 8th

Left Bath earlier than I have been doing. By way St. Hamilton. To Herald. Standed in bill for \$15.70. To Court. Pockets low on account election expenses. Met George at Court. We chinned awhile then he left. Justice Murray late in arriving. I had to do Brewer's work. Only two cases poor ones at that. Late in waiting for me. Raining when I reached Herald. He had missed dummy determined to visit Harlem. Warmly welcomed as always am. Every one well. Saw the young lady living above. Met Jennie Smith. A nice girl. Went to bed early.

Fri SATURDAY, 28. day 9th

Spent a pleasant night. Up after 9. Down town with Aunt Mary. She helped pay my car fare. Left her at 45th St. Then I got out. To O'Brien's. Saw Magie Mrs. Hefner & Mrs. Brien. Magie loaned me \$5. Then I bought cigarettes & paper. To Herald my bill cut down to \$16.70. To Court. Got a car after Brewer & Hennessy had gone. Didn't use. To see Pink Dominos at Union Square. Did not think much of it. To Aunt Mary's in evening.

Saturday 10th

Rose at an unusual hour about 7. An early breakfast. Then left Aunt Mary's. By Harlem boat on which I met Brewer. Commenced to rain. Arrived at 8 dummy station. Over two hours for a dummy. Did not wait. By way St. Hamilton. A disagreeable walk across. Changed clothes, fixed self up. To Brooklyn by 11 dummy. To see Danites at Bklyn academy. In the east Mr. McKinn's wife. Enjoyed it very much. A good play. Wrote up a student's row for paper. Saw brushed topdoin. To Aunt Mary's.

Sunday 11th

Slept well & rose late. Breakfasted alone. Tripe for breakfast. Like old Sunday. Breakfasted. Left Aunt Mary's after 7 1/2. To Court where there was very little. Wrote nothing. Expect a row at office on account of not writing up at length a student's row. Home by way of St. Hamilton. Turned folks at dinner. Cheerless day. Wrote in diary. Looks like snow. Did not sleep. Students still on hold tests - after - 12 hours - moved - 13 hours - of
