Tuesday 4<sup>th</sup>

Bought this week's Clipper. Ten cents wasted. Several of my stories appear in to day's paper. One from Jefferson Market; both I believe. Last week of Pitt Paff at Eagle Theatre. A most enjoyable burlesque. I never get tired of seeing Edouard. He is about the most outrageously funny man I have ever seen on the stage.

Wednesday 5<sup>th</sup>

Doing quite well at Jefferson & Essex Markets. I am helped by others to do my work as they are there while I am away. I cannot be in both courts at once and have to skip lively from one place to another in order to keep my self from being bounced.

Thursday 6<sup>th</sup>

My last day at Jefferson & Essex Markets. Am to return to 59<sup>th</sup> St. & old salary. Thursday glory. No room assigned. Old man to go back viz: Roxie. My bill for this week came to over \$16. That's good at any rate. Excise statement. Closing of saloons. Sent out to find what was going on. The consequence was I stay'd at the office looking as if you.

Friday 7<sup>th</sup>

Met Brewer at Press Club. Announced my return. He seemed indifferent. Every one surprised to find me back. Glad I kept the matter from folks. Writing up Court on space now. Hope to make more this way. Paid Brewer \$5 he bowed me. Great trouble in collecting names of liquor dealers arrested and brought to our Court. Stayed at Herald Office till late helping others.

Saturday 8<sup>th</sup>

Met George to Park. Saw for first time Sothen as Drummer. A ridiculous & amusing piece though not near so funny as I thought it would be. George enjoyed it very much more than I ever saw him enjoy a play before. Met Mary & Mrs. O'Brien afterwards. George & I down town. Another letter from Maggie complaining of my not sending the \$5. Not a line of my excise cases can I find in to day's paper. Very little at Court except excise arrests.

Sunday 9<sup>th</sup>

To Bath where I believe Brush called & his brother. Saw first. Had very little to say to him. Still smoking & still resolving to give it up. Bought a bundle of papers home with me. By way H. Hamilton <sup>the drummer</sup> I think. Did nothing worth talking about. Spent the evening playing billiards in Fumell's and losing money. Papa of course shocked. Solomonic with brother.

Monday 10<sup>th</sup>

Saw Worn at East at Wallack's. A lengthy play. Some good many poor points in it. Was not over interested in it. A good & enthusiastic audience called most of actors & actresses out also Arthur Steele MacKaye, who looks quite young & unassuming. He looked enough like Montaigne at first for me to mistake him for that person. The play if well acted would be quite successful.

Tuesday 11<sup>th</sup>

Saw Chaufron in octo-room at Grand Opera House with Wood. A poor play badly played. First time saw Chaufron first time in Opera House. No Dolen's where we sat heavily & saw Mary Anderson. She is fine looking off as on the stage. A remarkably young girl only 18 or 19 with a great career before her if her health stand it.

Wednesday 12<sup>th</sup>

Smoking night straight along. Intending <sup>to pay</sup> but not paying Mrs. O'Brien that \$5 Maggie requested me to. By a great stroke of good fortune got hold of a story which I smokes at length. Sent letter to Willie asking him to go with me to Eagle (Worn did it tomorrow) Had invited Miss Jodsbury to to theatre on Saturday, doubly for my pocket she is unable to go.

Thursday 13<sup>th</sup>

My story about 7<sup>th</sup> Dist. Court is within few lines of column. My bill this week \$88. Only made \$6 out of the police Court. The next Extra. Loured Brewer 50%. In the evening to Bath by last dummy. Spent about 2 hours & \$1.50 in Fumell's playing billiards & beating. Foolish boy. Wrote nothing today. Spent a quiet evening.
